

**LIGHTHOUSE COMMUNITIES OF THE**

**MARKETPLACE SAINTS:**

In 1 Corinthians 14, Paul describes what the Apostolic church should look like. It is a community where everyone is gifted, and everyone contributes to the body by edifying others who have differing gifts with their own. Teaching, leading, and administration was not the domain of a "pastor." While the flock sat passively listening, Gatherings included a body teaching, learning, and serving together to promote community and the growth of all. The Lighthouse Community concept forwarded by the Marketplace Saints proposes exactly this. Each of the four elements of the community lend their gifts to one another, to make the body as a whole a living organism that balances ministry inwardly to the body, and also outwardly to the world.

**SHEPHERD / MANAGER**

**CHapel: WORSHIP / PRAYER**

**MINISTRY SPACE: SERVICE**

**OFFICES: BUSINESS**

**CAFE / FAMILY ROOM:  
INTERACTION / FELLOWSHIP**

Notice in this model there are arrows pointing both to and away from each element of the spaces, and their use, indicating how each is receiving from the others and giving to the others. Therefore each, as Paul instructed, is using its gift set to edify the others and being edified at the same time. By housing all of these elements in a single structure, we believe the greatest opportunity for true Christian community is made possible. People will be less likely to compartmentalize various aspects of their lives, and being a believer will become a lifestyle rather than a series of events. This is our dream.
